

Regression and Healing Boot Camp Experience

Six Amazing Days: April 16 - 21, 2012, Park City, Utah

Four days Regression and Healing Boot Camp: Mon-Thurs.

Two days Live Practice, Live Sessions: Fri-Sat.

Personal Note from Randy and Matt:

When we first envisioned holding workshops in 2006 we had no idea how life-changing and life-enhancing our workshops would be. We had both healed significant issues in our lives with Releasing and Regression work, and we wanted to share our blessing of healing with hypnosis professionals.

Our dream evolved: Even with the first Regression Boot Camp in July 2009 we witnessed a creation much greater than we expected. Instead of just learning to facilitate healing in their clients, our attendees were having healing experiences throughout the boot camp.

Our “boot campers” had experiences of personal healing changes by working with feelings and emotions and past experiences, and obtained personal inner-discovery in the process.

If you visit our website you can read dozens of compliments about the six Regression Boot Camps, and how the “*boot campers*” grew, healed, learned *and had fun*, beyond their expectations! www.regression-hypnotherapy.com/Regression_Boot_Camp.html

We hope you will come and participate in perhaps the most important training experience you may ever have, and make life-long friends in the process as many of us have done. See you soon!

Love and success,
Randy Shaw / Matt Sison

Results Beyond Expectation, Inc.

Regression and Healing Boot Camp April 16 - 21, 2012

When we say boot camp, we mean BOOT CAMP. This isn't just a four day lecture on theory and concepts, to help your clients. This will be a hands on, get down into the trenches and practice, practice, practice workshop! There will be eight focused hours of lectures, demos and live practicing experiences each of the four days.

Four days, eight hours each (maybe a little more), with a sharp group, with good hearts, all striving and endeavoring to become more masterful in regression work for healing changes. You'll experience 32+ hours of actually going through the highly successful Advanced Regression Hypnotherapy program, live and in person with Matt Sison and Randy Shaw.

Our goal is to help you to increase and expand your success with releasing and regression hypnotherapy, and become confident in doing successful healing work for all kinds of client issues.

We are keeping the number of attendees LOW: A maximum of 15 participants will be in attendance so that we can give everyone the attention they need. For more information and videos about Regression Boot Camp, refer back to:

www.regression-hypnotherapy.com/Regression_Boot_Camp.html

Two Days of Live Practice: Real Sessions April 20 & 21, 2012

At the conclusion of Regression and Healing Boot Camp we offer the opportunity to work with the people you shared the learning experience with. You'll have the opportunity to immediately utilize and witness the lessons and practice of Boot Camp.

We will start with some refreshers and reminders, answer questions and then split into two groups. Two boot campers (in each group) will be working with each other live, with real issues; Matt with one group, Randy with the other, supporting and supervising when necessary. This is an opportunity to do real work with the advanced concepts and methods and watch live sessions - before you go home. **Seeing live sessions has been a tremendous bonus experience for boot campers.**

We'll be doing the live sessions Friday morning and afternoon, and then continue with more live sessions Saturday morning and afternoon. We'll get in as many as possible *but never rush anything.*

April 2012 Regression and Healing Boot Camp

Six days of:

- Lectures, lessons, examples, sharing cases,
- Answering questions, role playing,
- And *practicing, practicing, practicing* each section,
- Then two days of live sessions.

All Six Days for only \$895

Simply email Randy to receive the invoice.

Logistics

Airline Reservations:

You will be flying into Salt Lake International Airport <http://www.slcairport.com> on Sunday, April, 15, arriving in time to check in, get settled down **and then enjoy an informal social at 7:30 pm, so we can get to know each other, and then be ready to get to work on Monday the 16th at 9 am.** (The get together the night before is a wonderful experience of sharing and setting the special tone of the week to come).

Airlines: There are numerous direct/non-stop domestic flights into Salt Lake City via Delta (64) and Southwest (38), so be sure to check.

Park City is the location of our Regression Boot Camp!

Park City is a beautiful area, at 6,000+ feet elevation at the western edge of the Rocky Mountains. We chose Park City because it has a great atmosphere of relaxation, with places to eat and just relax and enjoy the mountains, the trees, and the fresh air. And, it has many condos! Many Boot Campers have bunked with other newbies to save money and make new friends; lasting friends.

The Park City Area is home to three World Class Ski Resorts, including 5 Star Deer Valley. The area has numerous restaurants with all kinds of foods, and grocery stores if you prefer to cook your own meals in the great condos. Park City was the host for the 2002 Winter Olympics, and annually hosts Robert Redford's International Sundance Film Festival each January.

Shuttle from Airport to Park City

Car Rentals at Salt Lake International

<http://www.slairport.com/rental-cars.asp>

We recommend that you do rent a car because you many want to take a little time to just drive around and enjoy the beauty of the area. **Remember, you can share the expense with others that will be in attendance.** BUT if you choose to not rent a car, read below because you can find a condo close the condo we hold Regression Boot Camp at.

Lodging: Condos and Hotels

Recommended Company for condo rental: www.resortquestparkcity.com

Call them and tell them that you are arriving for the Hypnosis Regression Boot Camp, planned for April 15th and you be leaving on the 22nd (all six days). There are many nice condos with 3 bedrooms priced as low as \$180 a night; with one bedroom condo as low as \$110. You'll find something really nice at a great price. Again, sharing a condo with other Boot Campers is a great way to save money and make new friends.
